As the Summer 2014 comes to a close, The Providence on Southmore, Inc.’s staff and supporters are ecstatic about the strides we have made in the community. With the goal of ensuring that post-secondary education and graduation are the priority for every student we serve, we expanded our services during the Summer months, shared our progress on a local radio station, and began a new fundraising partnership.

Members of our Academic Support Team were able to provide individualized assistance to students seeking to recover credits for high school graduation through a partnership with Knowledge First Empowerment Academy. TPOS support members have compiled over 800 hours to date.

Additionally, TPOS was featured on Majic 102.1 FM’s Sunday Morning Live on July 13, 2014, to discuss the organization’s mission and to update the community on progress since our previous visit (July 2013). We were able to recruit new clients and garner the support of new volunteers who recognize the importance and value of the services we offer students.

Finally, TPOS volunteers registered with Aramark and NRG Stadium and completed the necessary requirements to volunteer during events as concession vendors. This project allowed the organization to begin an on-going relationship purposed to assist with raising much needed funds to support organizational programs.

It's been a busy summer, but there is still much to accomplish. TPOS will continue its recruitment efforts to insure that we surpass our 2014 goals for clients who are successfully served in the Houston and surrounding areas.
